

DIN EN 15020:2007-02 (E)

Railway applications - Rescue coupler - Performance requirements, specific interface geometry and test methods

Contents		Page
Foreword		3
1 Scope		4
2 Normative references		4
3 Terms and definitions		4
4 Product requirements		5
5 Test requirements		8
Annex A (informative) Automatic coupler		10
Annex B (normative) Rescue coupler		14
Annex C (informative) Characteristics of the rescue vehicle		18
Annex D (informative) Air pipe coupling heads		21
Annex ZA (informative) Relationship between this European Standard and the Essential Requirements of Directive 96/48/EC, as amended by Directive 2004/50/EC		24
Bibliography		26
