DIN EN 847-3:2013-12 (E)

Tools for woodworking - Safety requirements - Part 3: Clamping devices

Contents

Page

Foreword 3

Introduction 4

1 Scope 5

2 Normative references 5

3 Terms and definitions 5

4 List of significant hazards 6

5 Design requirements 7
5.1 General 7
5.2 Hydrostatic clamping devices with open system 7
5.3 Shape 7
5.4 Balance 7
5.5 Testing 8
5.5.1 Test sample and dimensions 8
5.5.2 Formulae and calculation 10
5.5.3 Test procedure 10
5.6 Requirements on tolerances of clamping devices 11

6 Marking of clamping devices 11
6.1 General 11
6.2 Marking of clamping devices for bore mounted tools 11
6.3 Marking of clamping devices for shank mounted tools 11
6.4 Marking of one piece clamping devices for shank mounted tools 12

7 Information for use 12
7.1 General 12
7.2 Safe working practice 12
