## Magnesium and magnesium alloys — Magnesium alloys for cast anodes

---

### Contents

	Page		Page
Foreword .....	3	5.2 Electrochemical testing .....	6
Introduction .....	4	<b>6 Rounding of numbers</b> .....	6
<b>1 Scope</b> .....	4	<b>Annex A</b> (normative) Test method for the determination of the electrode potential of galvanic anodes .....	7
<b>2 Normative references</b> .....	4	<b>Annex B</b> (normative) Test method for the determination of the rate of mass loss of galvanic anodes .....	9
<b>3 Designations</b> .....	4	<b>Annex C</b> (informative) List of corresponding international designations and former national designations .....	12
3.1 Material .....	4	<b>Annex D</b> (informative) Bibliography .....	12
3.2 Casting process .....	4		
<b>4 Requirements</b> .....	4		
4.1 General .....	4		
4.2 Chemical composition .....	4		
<b>5 Testing</b> .....	6		
5.1 Analysis of chemical composition .....	6
