

ISO 3116:2007-04 (E)

Magnesium and magnesium alloys - Wrought magnesium alloys

Contents		Page
Foreword		iv
Introduction		v
1 Scope		1
2 Normative references		1
3 Designation		1
4 Requirements		2
5 Sampling		2
6 Test pieces		3
7 Test methods		3
8 Retests		3
9 Rounding of results		3
Annex A (informative) List of national designations corresponding to the ISO designation		10
Annex B (informative) Physical properties of wrought magnesium alloys		11
Annex C (informative) Heat-treatment schedules for wrought magnesium alloys		12
