Foreword iv

Introduction vi

1 Scope 1

2 Normative references 1

3 Definitions 1

4 Principle 3

5 Apparatus 3

6 Culture media and diluents 3
6.1 Dicloran 18 % glycerol agar (DG18 agar) 4
6.2 Malt-extract agar 4
6.3 Potato dextrose agar 5
6.4 Saline solution 5
6.5 Saline solution with polysorbate 80 5

7 Procedure 6
7.1 General 6
7.2 Processing of filters 6
7.3 Incubation 7
7.4 Examination and counting 7
7.5 Identification of mould species 8
7.6 Calculation and expression of results 8

8 Test report 11

Annex A (informative) Specific characteristics of mould spores 12

Annex B (informative) Exchange of samples for validation of the cultivation method 15
