Foreword 3

1 Scope 4

2 Normative references 4

3 Terms, definitions and abbreviations 5

4 Principle 7

5 Apparatus and reagents 8

6 Sampling 11

7 Sample preparation 12

8 Quality control 14

9 Calculation of results 14

10 Performance characteristics determined in lab and field tests 17

11 Reporting of results 20

Annex A (informative) Standard operating procedures for sampling 22

Annex B (informative) Estimation of the measurement uncertainty of the method 26

Annex C (informative) Uncertainty budget 30

Annex ZA (informative) Relationship between this European Standard and the essential requirements of EU Directives 31
