Indoor air - Part 19: Sampling strategy for moulds

Contents		Page
Foreword		iv
Introduction		vi
1 Scope		1
2 Normative references		1
3 Terms and definitions		1
4 Properties, origin and occurrence of moulds in indoor environments		4
5 Sampling and detection methods		5
6 Measurement strategy		6
6.1 General aspects		6
6.2 Selection of appropriate procedure		9
7 Quality requirements and uncertainty considerations		17
Annex A (informative) Moisture damage indicators		18
Annex B (informative) Devices for total spore count and detection of culturable fungi		19
Annex C (informative) Field inspection report to describe sampling procedure and to document potential mould damage		21
Bibliography		27
