Foreword 3

1 Scope 4

2 Normative references 4

3 Terms and definitions 4

4 The principle of the technique 6

5 Requirements for apparatus and gases 7

6 Measurement procedure 9

Annex A (normative) Determination of the performance characteristics of a FID 12

Annex B (informative) Basic functionality of an FID 15

Annex C (informative) Measurement uncertainty and associated statistics 18

Annex D (informative) Safety measures 20

Annex E (informative) Significant technical changes 21

Bibliography 22
