

# DIN EN 16841-2:2017-03 (E)

## Ambient air - Determination of odour in ambient air by using field inspection - Part 2: Plume method

---

<b>Contents</b>	<b>Page</b>
European foreword .....	3
Introduction .....	4
1 Scope .....	5
2 Normative references .....	5
3 Terms and definitions .....	5
4 Symbols and abbreviations .....	11
5 Principle of plume extent measurement .....	11
6 Coordinator, assessors and panel members .....	14
7 Planning of measurements .....	16
8 Measurement procedure .....	19
9 Quality requirements .....	22
10 Data recording, calculation and reporting .....	24
Annex A(informative) Overview and interaction of existing odour measurement methods .....	27
Annex B (informative) Uncertainty of the plume method .....	28
Annex C(informative) Turbulence conditions .....	30
Annex D (informative) Example stationary plume measurement .....	33
Annex E (informative) Example dynamic plume measurement .....	35
Annex F (informative) Calculation of the odour emission rate by reverse modelling - stationary plume measurement (example) .....	38
Annex G (informative) Calculation of the odour emission rate by reverse modelling - dynamic plume measurement (example) .....	40
Bibliography .....	43
