DIN EN 14141:2013-08 (E)

Valves for natural gas transportation in pipelines - Performance requirements and tests

Contents

Page

Foreword 3

Introduction 4

1 Scope 5

2 Normative references 5

3 Terms and definitions 7

4 Functional requirements 8

5 Requirements and tests 9

6 Inspection 23

7 Quality 23

8 Type tests 23

9 Functional and other qualification tests 23

10 Marking 24

Annex A (normative) Type test on general design and production of pipeline valves 25

Annex B (normative) Strength test on torque/thrust 30

Annex C (normative) Functional test on clean gas (on option) 31

Annex D (normative) Functional test for abrasion resistance to dirty service of ball valves (on option) 32

Annex E (normative) Wall thickness measurement 34

Annex F (informative) Additional requirements 35

Annex G (informative) Summary of tests on product and type tests 36
