

DIN EN 14141:2013-08 (E)

Valves for natural gas transportation in pipelines - Performance requirements and tests

Contents	Page
Foreword	3
Introduction	4
1 Scope	5
2 Normative references	5
3 Terms and definitions	7
4 Functional requirements	8
5 Requirements and tests	9
6 Inspection	23
7 Quality	23
8 Type tests	23
9 Functional and other qualification tests	23
10 Marking	24
Annex A (normative) Type test on general design and production of pipeline valves	25
Annex B (normative) Strength test on torque/thrust	30
Annex C (normative) Functional test on clean gas (on option)	31
Annex D (normative) Functional test for abrasion resistance to dirty service of ball valves (on option)	32
Annex E (normative) Wall thickness measurement	34
Annex F (informative) Additional requirements	35
Annex G (informative) Summary of tests on product and type tests	36
Bibliography	41
