

DIN 11866:2016-11 (E)

Stainless steel components for aseptic applications in the chemical and pharmaceutical industry - Tubes

Contents		Page
Foreword		3
1	Scope	4
2	Normative references	4
3	Dimensions and pipe ends	4
3.1	Dimensions and tolerances.....	4
3.2	Tube straightness.....	6
3.3	Tube ends	6
4	Designation, ordering details.....	7
4.1	Designation	7
4.2	Ordering details	7
5	Materials	7
6	Surface finish and execution.....	8
7	Testing and documentation	9
8	Acceptance criteria	9
9	Marking	11
10	Packaging and transportation	11
Annex A (informative) Delta ferrite content		12
Annex B (informative) Comparison of materials.....		13
Annex C (informative) Guidelines for application of this standard.....		14
Bibliography		15
