## Road vehicles - Cleanliness of components of fluid circuits - Part 6: Particle mass determination by gravimetric analysis

---

<b>Contents</b>		<b>Page</b>
Foreword .....		iv
Introduction .....		v
1	Scope .....	1
2	Normative references .....	1
3	Terms and definitions .....	1
4	Principles .....	1
5	Equipment and rinsing liquids .....	2
6	Environment conditions and precautions .....	2
6.1	Work environment .....	2
6.2	Health and safety .....	3
7	Lower detection limit for gravimetric analysis .....	3
8	Preparing the apparatus .....	3
8.1	Conditioning of equipment .....	3
8.2	Preparing the membrane filters .....	4
9	Procedure .....	4
9.1	Evaluation of the procedure .....	4
9.2	Liquid analysis procedure .....	4
10	Reporting the results .....	5
10.1	Calculating the mass of contaminants .....	5
10.2	Reporting of the level of contamination of the component .....	5
11	Test report .....	6
Annex B (informative) Filtration .....		9
Bibliography .....		10
