## Road vehicles - Cleanliness of components of fluid circuits - Part 6: Particle mass determination by gravimetric analysis

---

Contents	Page
Foreword .....	iv
Introduction .....	v
1 Scope .....	1
2 Normative references .....	1
3 Terms and definitions .....	1
4 Principles .....	1
5 Equipment and rinsing liquids .....	2
6 Environment conditions and precautions .....	2
6.1 Work environment .....	2
6.2 Health and safety .....	3
7 Lower detection limit for gravimetric analysis .....	3
8 Preparing the apparatus .....	3
8.1 Conditioning of equipment .....	3
8.2 Preparing the membrane filters .....	4
9 Procedure .....	4
9.1 Evaluation of the procedure .....	4
9.2 Liquid analysis procedure .....	4
10 Reporting the results .....	5
10.1 Calculating the mass of contaminants .....	5
10.2 Reporting of the level of contamination of the component .....	5
11 Test report .....	6
Annex B (informative) Filtration .....	9
Bibliography .....	10
