Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Terms and definitions 2

4 Principles 2

5 Equipment 2
5.1 General 2
5.2 Analysis equipment 3
5.3 Environmental conditions 4
5.4 Health and Safety 4

6 Calibration 5

7 Procedure 5
7.1 General 5
7.2 Element analysis procedure 5

8 Expression of results 6

Annex A (informative) Example of classifying particles according to their chemical composition 7
