Intelligent transport systems — Basic principles for personal data protection in probe vehicle information services

---

Contents

Page

Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Terms and definitions 1

4 Privacy context for probe vehicle systems 4

5 Reference architecture 5

6 Personal data included in probe vehicle systems 6
6.1 Personal data 6
6.2 Encryption data that can become personal data 7
6.3 Authentication data that can become personal data 8

7 The basic principles 8
7.1 General 8
7.2 Collection limitation principle 8
7.3 Data quality principle 9
7.4 Purpose specification principle 9
7.5 Use-limitation principle 10
7.6 Security safeguards principle 10
7.7 Openness principle 10
7.8 Individual participation principle 10
7.9 Accountability principle 10

Annex A (informative) **Threats to personal data in probe vehicle systems** 11
