Intelligent transport systems — Basic principles for personal data protection in probe vehicle information services

---

## Contents

Page

Foreword .....	iv
Introduction.....	v
1 Scope .....	1
2 Normative references.....	1
3 Terms and definitions .....	1
4 Privacy context for probe vehicle systems .....	4
5 Reference architecture.....	5
6 Personal data included in probe vehicle systems .....	6
6.1 Personal data .....	6
6.2 Encryption data that can become personal data .....	7
6.3 Authentication data that can become personal data.....	8
7 The basic principles .....	8
7.1 General .....	8
7.2 Collection limitation principle .....	8
7.3 Data quality principle .....	9
7.4 Purpose specification principle .....	9
7.5 Use-limitation principle.....	10
7.6 Security safeguards principle .....	10
7.7 Openness principle .....	10
7.8 Individual participation principle .....	10
7.9 Accountability principle.....	10
Annex A (informative) Threats to personal data in probe vehicle systems.....	11
Bibliography.....	23
