Foreword iv

Introduction v

1 Scope 1

2 Normative references 1

3 Test objectives 1

4 Variables and reference system 2

5 Measuring equipment 2

6 Test conditions 2

7 Test procedures 3
7.1 General 3
7.2 Constant radius test 3
7.3 Constant speed, variable-steer angle test 3
7.4 Common test conditions 3

8 Data analysis 4
8.1 General 4
8.2 Steering-wheel angle 4
8.3 Centripetal acceleration 4
8.4 Curvature of trajectory 4

9 Data evaluation and presentation of results 4
9.1 General 4
9.2 Other evaluations and presentation of results 5

Annex A (normative) Test report -- Presentation of results 8
