Foreword 3

Introduction 4

1 Scope 5

2 Normative references 5

3 Terms and definitions 5

4 Signal specifications 7
4.1 Spectrum 7
4.2 Signal levels 8

5 Coding of information 9
5.1 General 9
5.2 Temporal classification of auditory signals 9
5.3 Non-speech coding -- Tonal signals 10
5.4 Speech coding 10

6 Prioritization of auditory signals 11

7 Safety warning auditory signals 11
7.1 Redundancy 11
7.2 Compliance 12

Annex A (normative) Masked specific loudness SNR procedure 13

Annex B (informative) Converting between SPL and specific loudness 17
