ISO 10711:2012-01 (E)

Intelligent Transport Systems - Interface Protocol and Message Set Definition between Traffic Signal Controllers and Detectors

Contents

Page

Foreword iv

Introduction v

1 Scope 1

2 Normative references 2

3 Terms and definitions 2

4 Abbreviated terms 2

5 Interface protocol for traffic controller 3
5.1 Relationship to other standards 3
5.2 Identification detector index 3
5.3 Detector classification 4

6 Interface messages for traffic signal controller 5
6.1 General frame structure 5
6.2 Detector information messages structure 7

Annex A (normative) Interface Protocol Message Set Definition between Traffic Signal Controllers and Detectors data structure and data type definition 16

Annex B (informative) Interface Protocol and Message Set Definition between Traffic Signal Controllers and Detectors implementation example 23
