European foreword 4

Introduction 5

1 Scope 7
1.1 Interfaces specified by this standard 7
1.2 Use of the SIRI standard 9
1.3 Limitations on SIRI and possible future developments 10

2 Normative references 10

3 Terms and definitions 11
3.1 Transport related terms 11
3.2 Communications and software concepts 24

4 Symbols and abbreviations 33

5 Types of reference data used in SIRI 34
5.1 General 34
5.2 Date and time format 36
5.3 Location coordinate system 36
5.4 National language of text elements 37
5.5 Participant (information provider) identification 37
5.6 Participant pair identification (service participant pair code) 37
5.7 Point and place references 38
5.8 Vehicle journey references 40
5.9 Line, and direction references 41
5.10 Stop sequence references and circular journeys 41
5.11 Schedule version references 43
5.12 Product category references 43
5.13 Vehicle feature references 47
5.14 Service features 48
5.15 Situation references 50
5.16 Summary of data reference scopes 50
5.17 Transmodel compliant models 51
5.18 Modelling vehicle journeys in SIRI 52

6 Notation 60
6.1 Representation of XML model elements in text 60
6.2 Representing relationships in SIRI 60
6.3 Notation for XML model structures of SIRI messages 60
6.4 Notation for diagrams 62

Annex A (informative) **Checklist for Implementing SIRI** 63

A.1 Usage of the DSRC application layer 63

A.2 Legal and commercial Issues 63

A.3 Functional aspects 63

A.4 Operational aspects 65

Annex B (informative) **Business Context** **67**
B.1 Purpose of this section **67**
B.2 Business model **68**
B.3 Use of information in public transport **70**
B.4 Use Cases for this standard **75**
B.5 SIRI System Model **79**
Annex C (informative) **Background and Mapping of Some Current Implementations to SIRI** **84**
C.1 Introduction **84**
C.2 SIRI origins **84**
C.3 Deployment Example – Berlin **87**
C.4 Deployment Example – Hamburg **88**
C.5 Deployment Example – West Yorkshire **88**
C.6 Deployment Example – Czech Republic **89**
C.7 Deployment Example – Copenhagen **90**
C.8 Deployment example – Île-de-France **91**
C.9 SIRI Equivalences **93**
Bibliography **94**
