ISO 22565:2019 (E)

Road vehicles — Durability test method of starter relay for stop and start system

Contents

Foreword

Introduction

1 Scope

2 Normative references

3 Terms and definitions

4 Structure of starting circuit

5 Types of starter solenoid

6 Test methods

6.1 Test method of the starter relay for the single-coil solenoid
6.1.1 General
6.1.2 Test circuit
6.1.3 Test conditions
6.2 Test method of the starter relay for the double-coil solenoid
6.2.1 General
6.2.2 Test circuit
6.2.3 Test conditions
6.3 Number of operation cycles and characteristics of the relay after the test
