## Freight containers - NFC or/and QR code seals

---

<b>Contents</b>		<b>Page</b>
Foreword .....		iv
Introduction .....		v
1	Scope .....	1
2	Normative references .....	1
3	Terms and definitions .....	1
4	Freight container -- NFC or/and QR code seals .....	2
4.1	General requirements .....	2
4.2	Data format and content of NFC seal .....	2
4.3	Data format and content of QR code seal .....	3
4.4	Data format and content of NFC and QR code seal .....	3
4.5	Requirements for the communication interface between NFC seal and NFC read/ write device .....	3
4.6	Requirements of QR code printing and reading .....	4
5	NFC or/and QR code seal system for freight containers .....	4
5.1	System components .....	4
5.2	General requirements .....	4
6	NFC read/write device and QR code read device .....	5
6.1	General requirements .....	5
6.2	Content and format of data interaction .....	5
7	Information management platform .....	6
7.1	General requirements .....	6
7.2	Content and format of the data interaction interface .....	6
7.3	Extensions .....	7
8	Operation requirements .....	7
8.1	Operation at sealing point .....	7
8.2	Operation at unsealing point .....	7
8.3	Operation during transportation .....	8
8.4	Abnormality reporting .....	8
8.5	Authenticity verification of NFC and QR code seal .....	8
Bibliography .....		9
