## Road vehicles - Measurement of road surface friction

---

<b>Contents</b>		<b>Page</b>
Foreword .....		iv
Introduction .....		v
1 Scope .....		1
2 Normative references .....		1
3 Terms and definitions .....		2
4 Summary of test methods .....		2
5 Pavement characteristics and surface conditions .....		3
6 Constant-speed, transient braking force method .....		4
7 Constant-speed, constant-braking slip method .....		10
8 Constant-speed, fixed-braking slip method .....		16
Annex A (normative) Reference tyre specifications .....		22
Annex B (normative) Calibration method .....		27
Annex C (informative) Measurement on wet surfaces .....		28
Bibliography .....		29
