

# DIN EN ISO 15091:2013-04 (E)

## Paints and varnishes - Determination of the electrical conductivity and resistance (ISO 15091:2012)

---

<b>Contents</b>		<b>Page</b>
Foreword .....		3
1	Scope .....	4
2	Normative references .....	4
3	Terms and definitions .....	4
4	General .....	6
4.1	Measurement of the resistance .....	6
4.2	Avoidance of electrolysis and polarization effects .....	7
5	Apparatus .....	8
5.1	Measuring instrument .....	8
5.2	Measuring cell .....	8
6	Sampling .....	8
7	Procedure .....	8
7.1	Test conditions .....	8
7.2	Viscosity of test sample .....	9
7.3	Number of determinations .....	9
7.4	Measurement of the electrical resistance or the electrical conductivity .....	9
8	Expression of results .....	9
9	Precision .....	9
10	Test report .....	10
Annex A (normative) Calibration .....		11
Annex B (informative) Dependence of the conductivity on the measurement temperature .....		13
Bibliography .....		14
