

DIN EN 13523-13:2014-08 (E)

Coil coated metals - Test methods - Part 13: Resistance to accelerated ageing by the use of heat

Contents		Page
Foreword	3
1	Scope	5
2	Normative references	5
3	Terms and definitions	5
4	Principle	5
5	Apparatus and materials	5
6	Sampling	6
7	Test specimens	6
8	Procedure	6
8.1	Procedure using flat specimens	6
8.2	Procedure using specimens that are to be aged after bending	6
8.3	Procedure using specimens that are to be bent after ageing	7
9	Expression of results	7
10	Precision	9
11	Test report	9
