## Paints and varnishes - Corrosion protection of steel structures by protective paint systems - Part 8: Development of specifications for new work and maintenance

---

<b>Contents</b>	<b>Page</b>
Foreword .....	iv
Introduction .....	v
1 <b>Scope</b> .....	1
2 <b>Normative references</b> .....	1
3 <b>Terms and definitions</b> .....	1
4 <b>How to develop a specification for new work or maintenance</b> .....	3
5 <b>of a specification</b> .....	4
5.1 <b>Supply</b> .....	4
<b>Annex A (informative) Basic information for inclusion in a protective paint system specification for new work and maintenance</b> .....	12
<b>Annex B (informative) Reference areas</b> .....	14
<b>Annex C (informative) Flow chart for planning new work</b> .....	17
<b>Annex D (informative) Flow chart for planning maintenance work</b> .....	19
<b>Annex F (informative) Recommended form for a protective paint system specification -- New work</b> .	22
<b>Annex G (informative) Recommended form for a protective paint system specification -- Maintenance</b> .....	23
<b>Annex H (informative) Recommended form for a report on paint work progress and application conditions</b> .....	25
<b>Annex I (informative) Recommended form for final report on corrosion protection work</b> .....	27
<b>Annex J (informative) Recommended form for a detailed inspection report on the condition of an existing protective paint system, including the assessment of the need for maintenance</b> .	30
<b>Bibliography</b> .....	34
