Foreword 3

1 Scope 4

2 Normative references 4

3 Terms and Definitions 4

4 General 5
4.1 Purpose 5
4.2 Equipment 5
4.3 Representation 6

5 Sampling equipment 6

6 Procedures for taking samples 6
6.1 General 6
6.2 Sampling from bags, drums and containers of small size 7
6.3 Sampling from large containers and bulk transport (after loading or before unloading) 7
6.4 Sampling while loading into bulk transports or silos 7
6.5 Sampling from silos 7

7 Frequency at which samples are taken and choice of sample type 7

8 Size and preparation of samples 8
8.1 Size of sample to be taken 8
8.2 Homogenization 8
8.3 Division of the homogenized sample 9
8.4 Foreign materials in the sample 10

9 Packaging and storage 10
9.1 Principle 10
9.2 Containers 10
9.3 Storage condition 11
9.4 Identification of samples 11
9.5 Authentication of samples 11

10 Sampling report 11
10.1 General 11
10.2 Information to be included 11
10.3 Authorization of the report 12
10.4 Dispatch of the report 12

Bibliography 18

Annex A (informative) Typical examples of sampling equipment normally used 13
