Steel static storage systems - Terms and definitions

Contents

Page

Foreword 3

Introduction 4

1 Scope 5

2 Normative references 5

3 Terms and definitions 5
3.1 Storage system 5
3.2 General definitions for any type of storage system 6
3.3 Components 9

4 Abbreviations 16

5 Storage Systems: Types, specific definitions and components 16
5.1 Palletized Goods 16
5.1.1 Adjustable pallet racking - APR 16
5.1.2 Drive-in and drive-through pallet racking 20
5.1.3 S/R machine pallet racking 23
5.1.4 Open face pallet racking 25
5.2 Small Parts - Mechanically Handled 27
5.2.1 Open face miniload racking 27
5.2.2 Multi-location miniload racking 30
5.3 Small Parts - Hand Loaded 33
5.3.1 Shelving 33
5.3.2 Multi-tier shelving 38
5.3.3 Cantilever shelving system - Gondola 40
5.4 Long Unit Loads 43
5.4.1 Cantilever racking 43
5.4.2 Cassette racking 45
5.5 Dynamic Storage - Palletized Goods 48
5.5.1 Mobile racking 48
5.5.2 Pallet live storage 50
5.5.3 Shuttle racking system 53
5.6 Dynamic Storage - Small Parts 56
5.6.1 Mobile shelving 56
5.6.2 Carton live storage 58
5.6.3 Carousels 60
5.6.4 Storage lifts 62
5.7 Various 63
5.7.1 Mezzanine floor 63
5.7.2 Raised floor 66
5.7.3 Rack-clad storage system 67

Annex A (informative) Mechanical handling equipment 70

Annex B (informative) Load make up accessories 76

B.1 Pallets 76
B.1.1 General 76
B.1.2 Definitions 76

B.1.3 Types 76
B.2 Containers 82
B.2.1 General 82
B.2.2 Main types of containers for manual handling 82
B.2.3 Main types of containers for use with MHE 84
