

# DIN EN 13036-1:2010-10 (E)

## Road and airfield surface characteristics - Test methods - Part 1: Measurement of pavement surface macrotexture depth using a volumetric patch technique

---

<b>Contents</b>		<b>Page</b>
Foreword .....		3
Introduction .....		4
1 <b>Scope</b> .....		5
2 <b>Normative references</b> .....		5
3 <b>Test method</b> .....		5
4 <b>Material and apparatus</b> .....		5
5 <b>Procedure</b> .....		7
5.1 <b>Test surface</b> .....		7
5.2 <b>Material sample</b> .....		7
5.3 <b>Determination</b> .....		7
5.4 <b>Number of test measurements</b> .....		8
6 <b>Calculation of surface mean texture depth</b> .....		8
7 <b>Safety considerations</b> .....		8
8 <b>Test report</b> .....		8
9 <b>Precision of the method</b> .....		9
Annex A (informative) .....		10
Bibliography .....		11
