Annex A (informative) Correction factors 12

A.1 Energy delivered to the drive rods 1
A.2 Energy losses due to the length of rods 1
A.3 Other correction factors 12
A.4 Effect of overburden pressure in sands 13
A.5 Use of the correction factors 13

Annex B (informative) Recommended method to measure the actual energy 15

B.1 Principle 15
B.2 Equipment 15
B.3 Measurements 15
B.4 Calculation 16
