Foreword 3

1 Scope 4

2 Normative references 4

3 Terms and definitions 4

4 Symbols 4

5 Test loads 5

6 Acceptance criteria 5
6.1 General 5
6.2 Serviceability requirements 5
6.3 Structural requirements 5
6.4 Minimum ultimate requirement 5
6.5 Critical cross-sections 6
6.6 Ultimate failure test (optional) 7

7 Preparation for test 7

8 Application of forces 7
8.1 General 7
8.2 Serviceability requirements 7
8.2.1 Vertical deflection 7
8.2.2 Horizontal deflection 7
8.3 Structural requirements 8
8.4 Minimum ultimate load test 8
8.5 Ultimate failure test (optional) 8

9 Test report 8

10 Type test certificate 8

11 Permissible modifications to type tested columns 8

12 Fatigue requirements 8
