Environmental management for concrete and concrete structures - Part 2: System boundary and inventory data

Contents		Page
Foreword		iv
Introduction		v
1	Scope	1
2	Normative references	1
3	Terms and definitions	1
4	System boundary	2
4.1	General	2
4.2	Constituents	2
4.3	Reinforcing and prestressing steel	7
4.4	Formwork, falsework, and machinery	8
4.5	Concrete	9
4.6	Precast concrete	10
4.7	Execution of concrete structures	11
4.8	Use of concrete structures	13
4.9	End phase of concrete and concrete structures	14
5	Inventory data	17
5.1	General	17
5.2	Constituents	18
5.3	Reinforcing and prestressing steel	21
5.4	Formwork, falsework, and machinery	22
5.5	Production of concrete	23
5.6	Execution of concrete structures	24
5.7	Use of concrete structures	25
5.8	End phase of concrete and concrete structures	26
6	Critical review and its storage	27
