Environmental management for concrete and concrete structures - Part 2: System boundary and inventory data

| Contents | Page |
|--|-----------|
| Foreword | iv |
| Introduction | v |
| 1 Scope | 1 |
| 2 Normative references | 1 |
| 3 Terms and definitions | 1 |
| 4 System boundary | 2 |
| 4.1 General | 2 |
| 4.2 Constituents | 2 |
| 4.3 Reinforcing and prestressing steel | 7 |
| 4.4 Formwork, falsework, and machinery | 8 |
| 4.5 Concrete | 9 |
| 4.6 Precast concrete | 10 |
| 4.7 Execution of concrete structures | 11 |
| 4.8 Use of concrete structures | 13 |
| 4.9 End phase of concrete and concrete structures | 14 |
| 5 Inventory data | 17 |
| 5.1 General | 17 |
| 5.2 Constituents | 18 |
| 5.3 Reinforcing and prestressing steel | 21 |
| 5.4 Formwork, falsework, and machinery | 22 |
| 5.5 Production of concrete | 23 |
| 5.6 Execution of concrete structures | 24 |
| 5.7 Use of concrete structures | 25 |
| 5.8 End phase of concrete and concrete structures | 26 |
| 6 Critical review and its storage | 27 |
| Bibliography | 28 |
