

ISO 16956:2015-02 (E)

Thermal performance in the built environment - Determination of air flow rate in building applications by field measuring methods

Contents		Page
Foreword		v
1	Scope	1
2	Normative references	1
3	Terms and definitions	1
4	Symbols and abbreviated terms	2
5	Types and selection of measurement method	2
5.1	Types of measurement methods and their application	2
5.2	Selection of measurement method	2
6	Basic specifications measuring instruments and utilization methods	2
6.1	General	2
6.2	Thermal anemometer	2
6.3	Pitot tube and manometer	3
6.4	Vane-type anemometer	3
7	Field measuring methods of air flow rate of ventilation and air conditioning systems	3
7.1	Multipoint air velocity measurement method	3
7.1.1	Measurement in a duct	4
7.1.2	Measurement method at duct connection of air-conditioning system	6
7.1.3	Selection of measuring instruments	7
7.2	Tracer gas measurement method	7
7.2.1	Formula	7
7.2.2	Tracer gas	8
7.2.3	Procedures for measuring air flow rate	8
7.2.4	Tracer gas injection procedures	9
7.2.5	Tracer gas sampling procedures	10
7.3	Flow hood method	10
7.3.1	General	10
7.3.2	Equipment composition	10
7.3.3	Measurement procedures	11
7.4	Pressure compensation measurement method	11
7.4.1	Equipment composition	12
7.4.2	Measurement procedures	13
7.4.3	Effective application range	13
7.5	Pressure difference measurement method	13
7.5.1	Measuring equipment	13
7.5.2	Selection of measuring instruments	14
7.5.3	Measuring procedures	14
8	Uncertainty	15
8.1	Uncertainty of each measurement	15
8.1.1	Multipoint air velocity measurement method	15
8.1.2	Tracer gas measurement method	15
8.1.3	Flow hood method	15
8.1.4	Pressure-loss compensation measurement method	15
8.1.5	Pressure difference measurement method	15

8.2	Analysis of uncertainty	15
9	Measurement report	16
9.1	Information related to measured object	16
9.2	Items related to measuring method	16
9.3	Measurement results	16
Annex A (normative) Position for cross-section measurement in a duct using multipoint measurement method		17
Annex B (normative) Accuracy of air velocity measurement instrument		21
Annex C (informative) Types of tracer gas		22
Bibliography		23
