## Thermal performance in the built environment - Determination of air flow rate in building applications by field measuring methods

---

| <b>Contents</b> |   | <b>Page</b> |
|-----------------|---|-------------|
| Foreword .....  |   | v           |
| <b>1</b>        | <b>Scope .....</b>  | <b>1</b>    |
| <b>2</b>        | <b>Normative references .....</b>   | <b>1</b>    |
| <b>3</b>        | <b>Terms and definitions .....</b>  | <b>1</b>    |
| <b>4</b>        | <b>Symbols and abbreviated terms .....</b>  | <b>2</b>    |
| <b>5</b>        | <b>Types and selection of measurement method .....</b>  | <b>2</b>    |
| 5.1             | Types of measurement methods and their application .....  | 2           |
| 5.2             | Selection of measurement method .....   | 2           |
| <b>6</b>        | <b>Basic specifications measuring instruments and utilization methods .....</b>                   | <b>2</b>    |
| 6.1             | General .....   | 2           |
| 6.2             | Thermal anemometer .....  | 2           |
| 6.3             | Pitot tube and manometer .....  | 3           |
| 6.4             | Vane-type anemometer .....  | 3           |
| <b>7</b>        | <b>Field measuring methods of air flow rate of ventilation and air conditioning systems .....</b> | <b>3</b>    |
| 7.1             | Multipoint air velocity measurement method .....  | 3           |
| 7.1.1           | Measurement in a duct .....   | 4           |
| 7.1.2           | Measurement method at duct connection of air-conditioning system .....                            | 6           |
| 7.1.3           | Selection of measuring instruments .....  | 7           |
| 7.2             | Tracer gas measurement method .....   | 7           |
| 7.2.1           | Formula .....   | 7           |
| 7.2.2           | Tracer gas .....  | 8           |
| 7.2.3           | Procedures for measuring air flow rate .....  | 8           |
| 7.2.4           | Tracer gas injection procedures .....   | 9           |
| 7.2.5           | Tracer gas sampling procedures .....  | 10          |
| 7.3             | Flow hood method .....  | 10          |
| 7.3.1           | General .....   | 10          |
| 7.3.2           | Equipment composition .....   | 10          |
| 7.3.3           | Measurement procedures .....  | 11          |
| 7.4             | Pressure compensation measurement method .....  | 11          |
| 7.4.1           | Equipment composition .....   | 12          |
| 7.4.2           | Measurement procedures .....  | 13          |
| 7.4.3           | Effective application range .....   | 13          |
| 7.5             | Pressure difference measurement method .....  | 13          |
| 7.5.1           | Measuring equipment .....   | 13          |
| 7.5.2           | Selection of measuring instruments .....  | 14          |
| 7.5.3           | Measuring procedures .....  | 14          |
| <b>8</b>        | <b>Uncertainty .....</b>  | <b>15</b>   |
| 8.1             | Uncertainty of each measurement .....   | 15          |
| 8.1.1           | Multipoint air velocity measurement method .....  | 15          |
| 8.1.2           | Tracer gas measurement method .....   | 15          |
| 8.1.3           | Flow hood method .....  | 15          |
| 8.1.4           | Pressure-loss compensation measurement method .....   | 15          |
| 8.1.5           | Pressure difference measurement method .....  | 15          |

|                       |  |    |
|-----------------------|--|----|
| 8.2                   | Analysis of uncertainty .....  | 15 |
| 9                     | Measurement report .....   | 16 |
| 9.1                   | Information related to measured object .....   | 16 |
| 9.2                   | Items related to measuring method .....  | 16 |
| 9.3                   | Measurement results .....  | 16 |
| Annex A (normative)   | Position for cross-section measurement in a duct using multipoint measurement method ..... | 17 |
| Annex B (normative)   | Accuracy of air velocity measurement instrument .....                                      | 21 |
| Annex C (informative) | Types of tracer gas .....  | 22 |
| Bibliography          | .....  | 23 |
