DIN EN 16737:2016-09 (E)

Structural timber - Visual strength grading of tropical hardwood

Contents

Page

European foreword 3

1 Scope 4

2 Normative references 4

3 Terms and definitions 4

4 Strength graded timber 6
4.1 Supervision of strength grading operations 6
4.2 Sizes 6
4.3 Processing of visually graded timber 6
4.4 Moisture content 6

5 Measurement of strength-reducing characteristics 7
5.1 Knots 7
5.1.1 General 7
5.1.2 Knot size: requisite comparisons 7
5.1.3 Pin knots 10
5.2 Slope of grain 10
5.3 Density 11
5.4 Fissures 11
5.5 Wane 11
5.6 Distortion 11
5.6.1 Bow and spring 11
5.6.2 Twist 11
5.7 Biological characteristics 11
5.7.1 Fungal biodegradation 11
5.7.2 Insect attack 12
5.7.3 Marine borers 12
5.8 Other defects and characteristics 12

6 Limiting values of characteristics for STH grade 13

7 Marking 13

Annex A (informative) Tropical hardwood species and their densities 14
