|--------------------|--|-------------|
| Foreword .....     |  | iv          |
| Introduction ..... |  | v           |
| 1                  | Scope .....                            | 1           |
| 2                  | Normative references .....             | 1           |
| 3                  | Terms and definitions .....            | 1           |
| 4                  | Symbols .....                          | 1           |
| 5                  | Requirements .....                     | 2           |
| 6                  | Test method .....                      | 2           |
| 6.1                | Principle .....                        | 2           |
| 6.2                | Apparatus .....                        | 2           |
| 6.2.1              | General .....                          | 2           |
| 6.2.2              | Test assembly .....                    | 3           |
| 6.2.3              | Deformation measurement .....          | 3           |
| 6.2.4              | Load measurement .....                 | 3           |
| 6.3                | Test specimens .....                   | 3           |
| 6.3.1              | Conditioning .....                     | 3           |
| 6.3.2              | Dimensions .....                       | 3           |
| 6.3.3              | Sampling .....                         | 4           |
| 6.4                | Test configuration .....               | 4           |
| 6.4.1              | Cantilever test .....                  | 4           |
| 6.4.2              | Simple beam test .....                 | 5           |
| 6.5                | Test procedure .....                   | 5           |
| 6.5.1              | Determination of frame stiffness ..... | 5           |
| 6.5.2              | Test for complete diaphragm .....      | 6           |
| 7                  | Calculation .....                      | 6           |
| 7.1                | Ultimate shear strength .....          | 6           |
| 7.2                | Apparent shear stiffness .....         | 6           |
| 8                  | Report .....                           | 7           |
| Bibliography ..... |  | 9           |
