

# DIN EN 1436:2018-03 (Englisc h)

## Road marking materials - Road marking performance for road users and test methods

---

<b>Contents</b>		<b>Page</b>
European foreword .....		4
Introduction .....		6
1 Scope .....		7
2 Normative references .....		7
3 Terms and definitions .....		7
4 Requirements .....		8
4.1 General .....		8
4.2 Reflection in daylight or under road lighting .....		9
4.2.1 General .....		9
4.2.2 Luminance coefficient under diffuse illumination Qd .....		9
4.2.3 Luminance factor .....		10
4.3 Retroreflection under vehicle headlamp illumination .....		10
4.4 Colour .....		12
4.4.1 Chromaticity in daylight .....		12
4.4.2 Chromaticity of retroreflected light .....		13
4.5 Skid resistance .....		14
Annex A (normative) Measurement method for the luminance coefficient under diffuse illumination Qd .....		15
A.1 Introduction .....		15
A.2 Spectral match .....		16
A.3 Standard measuring condition of measuring equipment .....		16
A.4 Practical applications of measuring equipment .....		17
A.5 Calibration of measuring equipment .....		18
A.6 Uncertainty of measurement .....		18
Annex B (normative) Measurement method for the coefficient of retroreflected luminance RL .....		20
B.1 Introduction .....		20
B.2 Spectral match of measuring equipment .....		21
B.3 Standard measuring condition of measuring equipment .....		21
B.4 Practical applications of measuring equipment .....		22
B.4.1 General .....		22
B.4.2 Portable instruments .....		22
B.4.3 Vehicle mounted instruments .....		23
B.5 Calibration of measuring equipment .....		25
B.6 Condition of wetness .....		25
B.7 Condition of rain .....		26
B.8 Uncertainty of measurement .....		26
Annex C (normative) Measuring method for the luminance factor and the chromaticity co-ordinates x and y .....		28
C.1 Standard measuring condition for the measurement of the luminance factor and the chromaticity co-ordinates x and y in daylight .....		28

C.2	Standard measuring condition for the measurement of the chromaticity co-ordinates x and y of retroreflected light .....	28
C.3	Measuring equipment .....	28
C.4	Uncertainty of measurement .....	28
	Bibliography .....	29
