Buildings and civil engineering works — Sealants — Specifications for test substrates

Contents

	Foreword
1	Scope
2	Normative references
3	Terms and definitions
4	Test substrates
4.1	Mortar substrates
4.1.1	Dimensions
4.1.2	Mortar composition
4.1.3	Preparation of substrates
4.1.3.1	General
4.1.3.2	Mixing of mortar
4.1.3.3	Preparation of mortar substrates according to method M1
4.1.3.4	Preparation of substrates according to method M2
4.2	Glass substrates
4.2.1	General
4.2.2	Preparation of substrate surface.
4.2.2.1	Method of application
4.2.2.2	Wipe on or wipe off method
4.2.2.3	Immersion method
4.3	Anodized aluminium substrates
4.3.1	Dimensions
4.3.2	Aluminium alloys
4.3.3	Anodization
4.3.4	Preparation of substrate surface.
4.3.4.1	Method of application
4.3.4.2	Wipe on, wipe off method
4.3.4.3	Immersion method
