

DIN EN 15269-1:2019-10 (E)

Extended application of test results for fire resistance and/or smoke control for door, shutter and openable window assemblies, including their elements of building hardware - Part 1: General requirements

Contents	Page
European foreword	3
Introduction	4
1 Scope	5
2 Normative references	5
3 Terms and definitions	5
4 General principles of extended application for fire resisting and/or smoke control door, shutter and openable window assemblies	8
5 Determination of the field of extended application	9
6 Extended application report	10
Annex A (informative) Phrases used in the EN 15269 series needing further explanation	11
A.1 General	11
A.2 'Fundamentally the same' or 'similar' door leaf design	11
A.3 Product	12
A.4 Product parameter	12
A.5 Product range	12
A.6 Product family	12
Annex B (informative) Route to third party product certification using Direct Application and/or Extended Application	13
Annex C (informative) Route to CE marking using Direct Application and/or Extended Application ..	14
Annex D (informative) Example process for using the EXAP EN 15269 series to design fire resistance tests and produce EXAP reports	15
