# ISO 8560:2019 (E)

## Technical drawings — Construction drawings — Representation of modular sizes, lines and grids

## Contents

Foreword

1 Scope

2 Normative references

3 Terms and definitions

4 General

5 Designations of modular sizes

6 Representation of modular lines and sizes

- 6.1 General
- 6.2 Modular and multimodular lines
- 6.3 Modular line in an axial position
- 6.4 Circle for identification of modular line
- 6.5 Designation of modular line
- 6.6 Terminations for the size of a modular zone

7 Representation of modular grids

- 7.1 General
- 7.2 Modular grid with different line intervals
- 7.3 Indication of modular sizes
- 7.4 Indication of modular zones
- 7.5 Indication of a change in direction of a modular grid
- 7.6 Indication of the displacement of a modular grid
- 7.7 Indication of a modular line in an axial position

8 Combination of modular sizes and work sizes on the same drawing
