Foreword 5

Introduction 6

1 Scope 11

2 Normative references 11

3 Terms,definitions,andsymbols 11
3.1 Terms and definitions 11
3.2 Symbols for process diagrams 12

4 Information management associated with the operational phase of assets 12
4.1 Information management process associated with the operational phase of assets 12
4.2 Relationship between this document and ISO 19650-2 14

5 Information management process to support the operational phase of assets 14
5.1 Information management process -- assessment and need 14
5.1.1 Appoint individuals to undertake the information management function 14
5.1.2 Establish organizational information requirements 14
5.1.3 Identify the assets for which information shall be managed 15
5.1.4 Establish the asset information requirements 15
5.1.5 Identify the foreseeable trigger events for which information shall be managed 15
5.1.6 Establish the asset information standard 16
5.1.7 Establish the asset information production methods and procedures 16
5.1.8 Establish the reference information and shared resources 16
5.1.9 Establish the common data environment 17
5.1.10 Establish links to enterprise systems 17
5.1.11 Establish the asset information model 17
5.1.12 Establish processes to maintain the AIM 18
5.1.13 Establish the asset information protocol 18
5.1.14 Activities for assessment and need 19
5.2 Information management process -- Invitation to tender/request to provide service 19
5.2.1 Decide the type of activity providing information 19
5.2.2 Establish the appointing party's exchange information requirements 20
5.2.3 Assemble reference information and shared resources 20
5.2.4 Establish response requirements and evaluation criteria 20
5.2.5 Compile information for the invitation to tender/request to provide service 21
5.2.6 Activities for invitation to tender/request to provide service 21
5.3 Information management process -- Response to invitation to tender/request to provide service 22
5.3.1 Nominate individuals to undertake the information management function 22
5.3.2 Establish the delivery team's (pre-appointment) BIM execution plan 22
5.3.3 Assess task team capability and capacity 22
5.3.4 Establish the delivery team's capability and capacity 23
5.3.5 Establish the delivery team's mobilization plan 23

5.3.6 Establish the delivery team's risk register ... 23
5.3.7 Compile the delivery team's response ... 23
5.3.8 Activities for response to invitation to tender/request to provide service ... 24
5.4 Information management process -- Appointment ... 24
5.4.1 Confirm the delivery team's BIM execution plan ... 24
5.4.2 Establish the delivery team's detailed responsibility matrix ... 25
5.4.3 Establish the lead appointed party's EIR (ISO 19650-3) ... 25
5.4.4 Establish the task information delivery plan(s) ... 25
5.4.5 Establish the master information delivery plan ... 25
5.4.6 Complete lead appointed party's appointment ... 26
5.4.7 Complete appointed party's appointment ... 26
5.4.8 Activities for appointment ... 26
5.5 Information management process -- Mobilization ... 27
5.5.1 Mobilize resources ... 27
5.5.2 Mobilize information technology ... 27
5.5.3 Test the asset information production methods and procedures ... 28
5.5.4 Maintain resources in readiness for a trigger event ... 28
5.5.5 Activities for mobilization ... 28
5.6 Information management process -- Production of information ... 29
5.6.1 Check availability of reference information and shared resources ... 29
5.6.2 Generate information ... 29
5.6.3 Undertake quality assurance check ... 29
5.6.4 Review information and approve for sharing ... 30
5.6.5 Review information model ... 30
5.6.6 Authorize information model for delivery to the appointing party ... 30
5.6.7 Activities for production of information ... 31
5.7 Information management process -- Information model acceptance by appointing party ... 32
5.7.1 Submit information model for appointing party acceptance ... 32
5.7.2 Review and accept the information model ... 32
5.7.3 Activities for information model acceptance by appointing party ... 32
5.8 Information management process -- AIM aggregation ... 33
5.8.1 Aggregate an accepted information model into the AIM ... 33
5.8.2 Review and continue maintenance of the AIM ... 33
5.8.3 Activities for AIM aggregation ... 33

Annex A (informative) Guidance related to the information management process ... 35
