## Buildings and civil engineering works - Security - Planning of security measures in the built environment

---

| <b>Contents</b>     |  | <b>Page</b> |
|---------------------|--|-------------|
| <b>Foreword</b>     |  | <b>v</b>    |
| <b>Introduction</b> |  | <b>vi</b>   |
| <b>1</b>            | <b>Scope</b>   | <b>1</b>    |
| <b>2</b>            | <b>Normative references</b>                                    | <b>1</b>    |
| <b>3</b>            | <b>Terms and definitions</b>                                   | <b>1</b>    |
| <b>4</b>            | <b>Planning of security measures for the built environment</b> | <b>5</b>    |
| 4.1                 | General  | 5           |
| 4.2                 | Security planning as part of risk management                   | 6           |
| 4.3                 | Size of projects   | 6           |
| 4.4                 | Division of the building process into stages                   | 6           |
| 4.4.1               | General  | 6           |
| 4.4.2               | Strategic definition   | 7           |
| 4.4.3               | Preparation and brief  | 8           |
| 4.4.4               | Concept design   | 8           |
| 4.4.5               | Developed and technical design                                 | 8           |
| 4.4.6               | Construction   | 8           |
| 4.4.7               | Testing and handover   | 9           |
| 4.4.8               | In use   | 9           |
| 4.4.9               | Decommissioning  | 9           |
| 4.5                 | Organization and principal                                     | 9           |
| 4.6                 | Special advisers in security projects                          | 10          |
| 4.6.1               | General  | 10          |
| 4.6.2               | Security planner   | 10          |
| 4.6.3               | Security risk adviser  | 10          |
| 4.6.4               | Technical security adviser                                     | 11          |
| 4.6.5               | Operational security adviser                                   | 12          |
| 4.6.6               | Project information security adviser                           | 12          |
| <b>5</b>            | <b>Security deliverables in stages</b>                         | <b>13</b>   |
| 5.1                 | Strategic definition   | 13          |
| 5.1.1               | Asset inventory  | 13          |
| 5.1.2               | Protective security objectives                                 | 13          |
| 5.1.3               | Requirements for protective security planning                  | 14          |
| 5.1.4               | Threat assessment, scenario selection and design-basis threats | 14          |
| 5.1.5               | Information security for the project                           | 15          |
| 5.1.6               | Security risk analysis (strategic)                             | 15          |
| 5.1.7               | Clarification of conditions                                    | 15          |
| 5.2                 | Preparation and brief  | 16          |
| 5.2.1               | Input to the dependency map                                    | 16          |
| 5.2.2               | Security risk analysis (preparation and brief)                 | 16          |
| 5.2.3               | External requirements report                                   | 16          |
| 5.2.4               | Security strategy  | 16          |
| 5.2.5               | Input to zoning  | 17          |
| 5.2.6               | Input to the spatial and functional programming                | 17          |
| 5.2.7               | Identification and assessment of security measures             | 17          |
| 5.2.8               | Cost survey  | 17          |
| 5.2.9               | Contributions to preliminary design report                     | 18          |
| 5.3                 | Concept design   | 18          |
| 5.3.1               | Reassessment of security objectives                            | 18          |

|       |  |           |
|-------|--|-----------|
| 5.3.2 | Security risk analysis (concept).....                    | 18        |
| 5.3.3 | Reassessment of security strategy.....                   | 18        |
| 5.3.4 | Description of security measures.....                    | 18        |
| 5.3.5 | Integration of security measures.....                    | 19        |
| 5.3.6 | Selection of security measures.....                      | 19        |
| 5.3.7 | Input to operational requirements.....                   | 19        |
| 5.3.8 | Cost survey for concept.....                             | 19        |
| 5.4   | Developed and technical design.....                      | 19        |
| 5.4.1 | Input to tender drawings.....                            | 19        |
| 5.4.2 | Input to delivery and job descriptions.....              | 20        |
| 5.4.3 | Contributions in tender evaluation.....                  | 20        |
| 5.4.4 | Assessment of final design.....                          | 20        |
| 5.5   | Construction.....  | 20        |
| 5.5.1 | Implementation control.....                              | 20        |
| 5.5.2 | Participation in functional tests and commissioning..... | 21        |
| 5.5.3 | Input to the operations and maintenance manuals.....     | 21        |
| 5.5.4 | Input to operational requirements.....                   | 21        |
| 5.5.5 | Requirements for alterations in security measures.....   | 21        |
| 5.5.6 | Assessment of as-built design.....                       | 22        |
| 5.6   | Testing and handover.....                                | 22        |
| 5.6.1 | Participation in handover.....                           | 22        |
| 5.6.2 | Completeness check.....                                  | 22        |
| 5.6.3 | Quality and functionality check.....                     | 22        |
| 5.7   | In use.....  | 22        |
| 5.7.1 | Contribution to trial use.....                           | 22        |
| 5.7.2 | Security training.....                                   | 22        |
| 5.7.3 | Security verification.....                               | 23        |
| 5.8   | Decommissioning.....                                     | 23        |
| 5.8.1 | Overview of sensitive installations.....                 | 23        |
| 5.8.2 | Security risk assessment (decommissioning).....          | 23        |
|       | <b>Bibliography.....</b>                                 | <b>24</b> |
