# ISO 15928-7:2021 (E)

## Houses — Description of performance — Part 7: Accessibility and usability

# Contents

Foreword

Introduction

1 Scope

2 Normative references

3 Terms and definitions

4 performance

- 4.1 User needs
- 4.2 Performance description
- 4.3 Principles for describing performance

5 Parameters for the description of performance

- 5.1 General
- 5.2 Parameters for the description of level differences
- 5.3 Parameters for describing effective width
- 5.3.1 Parameters for describing operating methods for doors and windows
- 5.3.2 Parameters for describing operating methods for lifts and stair climbers
- 5.4 Parameters for describing reachability
- 5.5 Parameters for describing spatial dimensions
- 5.6 Parameters for describing design of major building appliances
- 5.7 Parameters for describing features for safety evaluation

6 Evaluation

- 6.1 General
- 6.2 Analysis
- 6.3 Testing
- 6.4 Service experience
- 6.5 Combination

Annex A (informative) Commentary

- A.1 Comments on parameters for description of design building appliances (5.7)
- A.2 Comments on evaluation (Clause 6)
