

# DIN EN 12101-6:2022-11 (E)

## Smoke and heat control systems - Part 6 : Specification for pressure differential systems - Kits

| Contents   | Page |
|--|------|
| European foreword .....  | 3    |
| Introduction .....   | 4    |
| 1 Scope .....  | 5    |
| 2 Normative references .....   | 5    |
| 3 Terms, definitions, symbols and abbreviated terms .....                                | 5    |
| 4 Characteristics .....  | 8    |
| 4.1 General .....  | 8    |
| 4.2 Nominal activation conditions/sensitivity .....                                      | 9    |
| 4.3 Response delay (response time) .....   | 10   |
| 4.4 Operational reliability .....  | 11   |
| 4.5 Effectiveness of smoke/hot gas extraction (air release/powered air release) .....    | 12   |
| 4.6 Performance parameters under fire conditions .....                                   | 13   |
| 4.7 Pressurization performance .....   | 13   |
| 4.8 Fire resistance - Integrity (E) .....  | 14   |
| 4.9 Fire resistance - Insulation (I) .....   | 15   |
| 4.10 Fire resistance - Smoke leakage (S) .....   | 16   |
| 4.11 Fire resistance - Mechanical stability .....  | 17   |
| 4.12 Fire resistance - Maintenance of cross section .....                                | 17   |
| 4.13 Durability .....  | 18   |
| 5 Test methods .....   | 19   |
| 5.1 General .....  | 19   |
| 5.2 Nominal activation conditions/sensitivity .....                                      | 20   |
| 5.3 Response delay (response time) .....   | 21   |
| 5.4 Operational reliability .....  | 22   |
| 5.5 Effectiveness of smoke/hot gas extraction .....                                      | 32   |
| 5.6 Performance parameters under fire conditions .....                                   | 33   |
| 5.7 Pressurization performance .....   | 33   |
| 5.8 Fire resistance - Integrity (E) .....  | 34   |
| 5.9 Fire resistance - Insulation (I) .....   | 35   |
| 5.10 Fire resistance - Smoke leakage (S) .....   | 35   |
| 5.11 Fire resistance - Mechanical stability .....  | 36   |
| 5.12 Fire resistance - Maintenance of cross section .....                                | 37   |
| 5.13 Durability .....  | 37   |
| 6 Verification of performance .....  | 38   |
| 6.1 Type testing .....   | 38   |
| 6.2 Factory production control (FPC) .....   | 40   |
| 7 Marking, labelling and packaging .....   | 44   |
| Annex A (normative) Pressure differential kit types (pressurization) .....               | 45   |
| Annex B (normative) Test method for hot gas control damper at elevated temperature ..... | 58   |

|  |           |
|--|-----------|
| <b>Annex C (normative) Test method for powered smoke and heat exhaust ventilators with frequency inverter and operated with variable speed at elevated temperature .....</b> | <b>62</b> |
| <b>Annex D (normative) Installation and maintenance document .....</b>   | <b>64</b> |
| <b>Bibliography .....</b>  | <b>65</b> |
