DIN 18290-2:2023-11 (E)

Linked BIM data exchange of building information models with other specialist models - Part 2: Linked BIM data exchange of building information models and specified bill of quantities (BIM-LV container)

Contents

Page

Foreword 3

1 Scope 4

2 Normative references 4

3 Terms and definitions 4

4 General requirements on the BIM-LV container 4

5 Specialist models 5
5.1 Building information models 5
5.2 Bills of quantities 5

6 Linkable elements 5
6.1 Building information models 5
6.2 Bills of quantities 5

7 Identifiers 5
7.1 Building information models 5
7.2 Bills of quantities 5
7.2.1 General 5
7.2.2 Referencing quantity splits 6
7.2.3 Referencing partial services 6

8 Link models 6

9 Metadata 6
9.1 Container 6
9.1.1 General 6
9.1.2 ContainerType 6
9.2 Building information models 7
9.3 Bills of quantities 7
9.3.1 General 7
9.3.2 DP 7
9.3.3 FileFormat 7
9.3.4 LinkedElement 7
9.3.5 LinkedElementIdType 7
