DIN 18290-4:2023-11 (E)

Linked BIM data exchange of building information models with ot her specialist models - Part 4: Linked BIM data exchange of building information models and documents supporting invoices (BIM invoicing container)

Contents

Page

Foreword 3

1 Scope 4

2 Normative references 4

3 Terms and definitions 4

4 General requirements on the BIM invoicing container 4

5 Specialist models 5
5.1 Building information models 5
5.2 Documents supporting invoicing 5

6 Linkable elements 5
6.1 Building information models 5
6.2 Documents supporting invoicing 5

7 Identifiers 5
7.1 Building information models 5
7.2 Documents supporting invoicing 5

8 Link models 6

9 Metadata 6
9.1 Container 6
9.2 Building information models 6
9.3 Documents supporting invoicing 6
9.3.1 General 6
9.3.2 DP 7
9.3.3 FileFormat 7
9.3.4 LinkedElement 7
9.3.5 LinkedElementIdType 7
