ISO 13315-1:2024-01 (E)

Environmental management for concrete and concrete structures - Part 1: General principles

Contents

Page

Foreword ..... **iv**

Introduction ..... **v**

1 Scope **1**

2 Normative references **1**

3 Terms and definitions **2**

4 General framework **3**

4.1 General 3

4.2 Phases in the lifecycle 4

4.3 Environmental impact categories 5

4.4 Analysis 5

4.4.1 General 5

4.4.2 System boundary 6

4.4.3 Inventory data 6

4.4.4 Category indicators 6

4.5 Design phase 7

4.6 Production/execution phase 7

4.7 Use phase 8

4.8 End of life phase 8

4.9 Labels and declarations 9

Annex A (informative) **Phases and environmental impact factors to be considered in lifecycle of concrete and concrete structures** **10**

Bibliography **15**
