ISO 7567:2024-10 (E)

Bamboo structures - Glued laminated bamboo - Product specifications

Contents

Page

Foreword ..... **iv**

Introduction ..... **v**

1 Scope **1**

2 Normative references **1**

3 Terms and definitions **1**

4 Symbols **3**

5 Component requirements **3**

5.1 Bamboo strip requirements 3

5.1.1 Appearance 3

5.1.2 Maturity 3

5.1.3 Density 4

5.2 Adhesives 4

6 Performance requirements **4**

6.1 Extension joints in laminations 4

6.1.1 Moisture content of bamboo strips 4

6.1.2 Extension joints geometry 4

6.1.3 Extension joint surface and adhesive application 4

6.2 Glue line integrity and strength 5

6.3 Property requirements 6

7 Manufacturing requirements **6**

7.1 General 6

7.2 Adhesives 6

7.3 Bamboo 6

8 Factory production internal quality control **7**

8.1 General 7

8.2 Glue line integrity 7

8.3 Gluing record 7

Annex A (normative) **Shear performance test** **8**

Annex B (informative) **Personnel, facilities, manufacture, and quality control** **11**

Annex C (informative) **Formaldehyde emission** **14**

Annex D (informative) **Examples of extension joints** **15**

Bibliography **16**
